

# Level Two - Activity Book

Katrina Casey

## Welcome to Level Two - Activity Book!

This is an exciting phase for young readers. They are discovering new words, sounds, and learning about the reading process.

The activities in this book are designed to help teachers, parents or helpers, reflect **with** children on the stories they have read. They are simple comprehension activities, with emphasis on literal comprehension.

It is **not expected** that children complete these activities independently. They will need assistance to read the tasks. Children should be able to give the correct answers, from the readers.

It is important to have a copy of the matching reader on hand, as children complete these activities.

If you have any questions, please do not hesitate to contact us!

Best wishes,  
Katrina Casey
