

Level Two - Rocket Sight Words  
Activity Book

## Level Two - Rocket Sight Words - Activity Book

The activities in this book are designed to give children the opportunity to master this collection of words. There are twenty sight words in Level Two.

The more opportunities children are given to write and read these words, the more likely they are able to master them. Daily practice of reading and writing of these words is encouraged to give children the best chance of building their bank of sight words.

There are two pages for each Rocket Sight Word List and a revision page at the end.

Hope your children enjoy these activities!

Kind regards,  
The BORN2READ Team.
